Safeguarding Training

Under the Children First Act 2015 (ROI) and the Children (NI) Order and Cooperating to Safeguard Children and Young People 2017, all coaches are required to complete safeguarding training. In the Republic of Ireland, coaches must attend a Safeguarding 1 Basic Awareness workshop, available through your Local Sports Partnership - <https://www.sportireland.ie/participation/lsp-contact-finder>

In Northern Ireland, Sport NI provides the necessary training, which can be accessed through your local council's sports development officer.

- Note: Children First certificates from Tusla and Ireland Active Foundation Level Children's First Safeguarding course are not recognized as valid safeguarding training for sports.

Safeguarding certification must be renewed every three years. Renewal can be achieved by attending a Safeguarding 1 face-to-face workshop or completing the Safeguarding 1 Refresher e-learning module. See here for renewal options - <https://www.sportireland.ie/ethics/safeguarding-1-online-refresher>

Sport Ireland Safe Sport App

The Sport Ireland Safe Sport app, based on the Code of Ethics & Good Practice for Children's Sport, serves as an information and guidance tool for all involved in children's sports. It aims to raise awareness and understanding of safeguarding and best practice principles.

The app covers four key areas:

- **Leader/Coach**
- **Parent/Guardian**
- **Club/Organisation**
- **Child/Young Person**

Each section provides information and guidance on topics such as fair play, good practice, a child-centered approach, and appropriate behaviors. The app also explains how to report child welfare and protection concerns or suspected child abuse to TULSA Child and Family Agency, and how to address poor practice through the Club Children's Officer or National Children's Officer.
